THE REAL QUESTION.

The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption to-day, but you don't know what it *may become to-morrow*. Hundreds of people have been restored to robust health by Dr. Pierce's marvelous "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope.

Were they in consumption? Nobody can ever know. The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dingman, of Vanburen, Kalkaska Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I got so bad I had to be in bed all the time.

"My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases.

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STOESSEL'S EXPLANATION.

The French steamship Australien arrived at Aden, Arabia, at 8 o'clock yesterday evening, carrying among her other passengers General Stoessel, former commander of the Russian forces at Port Arthur; 7 generals, 2 admirals, 136 other officers and 143 artillery soldiers, formerly of the Port Arthur garrison.

Mme. Stoessel brings with her six orphans, whom she has adopted, sons of officers who fell at Port Arthur. Communication between the Australien and the shore is not allowed on account of a recrudescence of the plague there, where there are 50 deaths a day.

A correspondent sends the following:

"We were able to embark, thanks to the isolation of a rock in front of Aden, on which is a plague hospital. We were graciously received by General Stoessel and General Reiss, his chief of staff, who acted as interpreter. They said it was a sad thing to return vanquished, but they were conscious of having done their duty in holding the fortress as long as they did.

"They could not have held Port Arthur at the most for four days longer, said General Stoessel. The munitions and food supplies had been almost completely exhausted. There remained only 6,000 loaded shells and 2,000,000 cartridges, which were powerless against the 11-inch guns which rained their fire upon the Russian front, 25 kilometers long in the garrison.

There were 30,000 men, of whom 18,000 were in hospital and 4,000 were noncombatants. Of the remaining 8,000 nearly 3,000 were afflicted with scurvy, and were obliged to fight seated or lying down in the trenches.

"For several months," continued General Stoessel, the soldiers received 200 grams of horse meat apiece each week. All the food was prepared with machine oil.

After September the only ships which succeeded in running the blokade were the steamer King Arthur, commanded by a French captain, and three junks. All brought flour.

"The last news we received from the outside world was on September 20, when a telegram from General Kuropatkin said he would come to relieve us in three months. We received no news of the fleet under Vice Admiral Rojestvenski.

"The desperate state of the garrison and the physical and technical exhaustion of the fleet were followed by the capture of a high mountain, 203 Meter Hill, which resulted in the enemy taking away our principle means of resistance."

General Stoessel added that he thought the prolongation of the struggle would have caused pitiable carnage, and he decided on the capitulation on his own authority and without consulting anyone.

He concluded by saying:

"The Czar and my people will judge if I should have prolonged the siege or made a heroic but criminal sortie, or whether I was right to prefer a less great name in military annals to having 30,000 lives on my conscience."

A number of the other officers whom I interviewed did not share this moral satisfaction of General Stoessel. They expressed violent resentment toward Admiral Prince Oulitowsky for his disastrous handling of the fleet against several incapable generals, and, above all, against ex-Viceroy Alexieff. The last named, they declared, had foreseen nothing and prepared nothing. Is was necessary to reconstruct the greater part of the fortifications under deplorable conditions and under fire of the enemy.

The officers declared that General Stoessel was a brave man, but not a genius. General Kondratenko, they said, was the real soul of the defense and was adored by his men. When he died Port Arthur died with him.

Smyrnoff and several other generals, in spite of the Czar's permission, preferred captivity to a shameful return. In spite of the sympathy of the passengers and the warm ovations they received at Saigon, the Russian officers on the Australien are all melancholy. When they were asked if they were glad to return to their fatherland, they replied, "No," and added, sadly, that if General Kondratenko had been in command at Port Arthur they would not have been a prisoner.

The Russians will leave the Australien at Port Said. One officer, who is ill, disembarked there

Separation of Church and State.

According to the French Ministerial programme the bill for the separation of church and State which has been introduced in the Chamber of Deputies will be pushed to its passage without delay.

There was a full attendance in the Chamber yesterday when Minister of Education Bienvenu Martin announced the purpose of the Ministry had decided to put aside all other measures to have the separation bill carried speedily. Amid great applause and cries of "bravo!" he said the Ministry had decided to secure the passage of the separation bill.

The Chamber subsequently adopted two resolutions by a majority of 275, one declaring the attitude of the Vatican had rendered separation of church and State in France inevitable, and the other expressing reliance upon the government to carry out the measure immediately after the budget and military service bills are disposed of.

Answering an interpellation by Deputy Morlot, radical republican, regarding the government's attitude respecting the 10 vacant bishoprics, while awaiting the passing of the separation bill, Minister Bienvenu Martin said no steps would be taken.

Abbe Gayraud, representing the clericals, remarked that the best means of solving the difficulty was reopening negotiations with Rome. The other method, he said, was separation, which Catholics did not fear if religious liberty were accorded.

A Touching Story

is the saying from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At E. S. Leadbeater & Sons' drug store; 50c and $1.00 guaranteed. Trial bottle free.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, FEB. 11, 1905.

McCUE'S CONFESSION, in which he alleges that he was impelled to murder his wife by a spirit which had complete control of him, brings to mind reminiscences of days anterior to Moses, when people believed they were attended through life by demons. This conceit is supposed to have been born in India and it extended into Egypt, Greece, Palestine and elsewhere. The word demon is in our day made synonomous with diabolos, although primarily it referred to a good as well as to an evil spirit. Hence Socrates averred he was attended by a demon. This notion, entertained centuries before the dawn of the Christian era, had reached Judea when the Great Teacher appeared. The several remarkable cases mentioned in the New Testament in connection with miraculous cures are the best illustrations of the hold the theory had upon the inhabitants of Judea. While but few people in this day believe in demonology, the human race seems to be actuated by a good or evil spirit, although the responsibility rests upon the individual, paradoxical as this may seem. Men invoke one or the other, and unfortunately some persist in catering to the Satanic until, like Doctor Jekyll, their power of metempsychosis ceases and they pass from this to another world as they have lived. The murder and suicide in Washington a few days ago is an instance in point. The man in the case when implored by his friends to break off his relations with the woman who killed him, replied, "I can't." Significant words! Our attention is called to two spirits which animate the human race—that which worketh in the children of disobedience, and that of which the cloven tongues of fire were emblematic when they rested upon the heads of a certain assembly on a memorable occasion. That we are invoking one or the other is apparent. Speculation upon such subjects, however, carry us into deep water, and the farther we proceed the more unfathomable the mystery becomes.

SENATORS were much in evidence at the State Department, in Washington, this morning, as well as at the White House, and discussed with Secretary Hay the attitude of that body toward the arbitration treaties in particular and treaties in general. Among other phases of the situation which have naturally tended to disgruntle the Senate is the taking over by the United States of the port of Monte Cristi, in San Domingo. It was admitted at the State Department yesterday that this was a fact and by Commander Dillingham who has just returned from there it was said to have been done with the "consent of the Dominican authorities." The Senators have found in this statement new cause for grievance in that Monte Cristi is without the control of the Sanchez government and controlled by the revolutionary forces. In consequence, none of its revenues has been turned over to the Sanchez administration and the latter has naturally been anxious to obtain the money. This it has now accomplished by the action of Admiral Sigsbee in securing the customs for application to San Domingo's public debts. This, the Senators argue, is going even beyond the terms of the protocol of January 20, which on the protest of the Senate was repudiated by the administration. That instrument guaranteed the territorial integrity of the country, but especially disavowed any intention to interfere in the internal affairs of the republic.

MEMBERS of the House and Senate are becoming alarmed over the situation of the appropriation bills. Several of the most important of the measures, including the navy bill, have not yet passed the House, and only four or five of them have received consideration in the Senate. A fight on the navy bill is threatened in both houses. Representative Littlefield will oppose the measure in the House, and will ask that no appropriations be made for new vessels at this time. He will call attention to the growing deficit in the revenues and the increasing aggregate of the general supply bills. The deficit promised now will not be less than $40,000,000, and this figure Mr. Littlefield thinks large enough to make the House go slow. Senator Allison is opposed to extensive appropriations for the navy, and one reason he has for having declared against a river and harbor bill is the hope that the friends of the latter measure will insist upon cutting down the navy bill. In the meantime, the session is drawing to a close so rapidly that any threat of fight over the supply bills means to threaten them with defeat.

Extraordinary efforts were made by bankers and other monied persons in London to subscribe to the new 1,000,000 pound Chinese loan this morning. When the lists for the loan were opened at the Hong Kong and Shanghai banks the crowds besieged the institution were so great that it was necessary to close the doors temporarily. The loan has been several times over subscribed.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Feb. 11.

With the end of the present session only three weeks away a large accumulation of business is pressing for consideration at both ends of the Capitol and it is evident that unless the daily meetings of Senate and House are lengthened, some advocates of pending legislation will be doomed to disappointment. The impeachment trial of Judge Swayne is now on in full swing in the Senate, and will occupy every afternoon after two o'clock. There have been 67 witnesses subpoenaed. Their examination will probably consume all the time of the court next week. In the meantime the Senate will transact its legislative business prior to two o'clock and its executive business in the evenings after five o'clock. It is probable that during next week there will be a renewal of the statehood fight. Appropriation bills are pressing for consideration. The agricultural bill is still under discussion in the Senate and the military academy and diplomatic and consular appropriation bills are on the calendar. The most important business before the House next week will be the passage of the naval appropriation bill, with its attendant debate and probable attack on the programme of naval construction, Mr. Burton, of Ohio, and others being opposed to the construction of two battleships. A good deal of time will be given to the consideration of conference reports, many bills now being in conference, most important among them being the Philippine Island franchise bill, the omnibus claims bill and the army appropriation bill. The Hill currency bill and the Mann bill providing for the government of the Panama canal zone remain on the calendar as special continuing orders.

The Congressional Record this morning contains 126 pages, more than 200,000 words and for the first time in the history of Congress displays the legend "To be continued" at the end of the last page. It is the largest edition ever printed, and was made necessary by the publication in full of committee reports on 433 private pension bills. Representative Maddox, of Georgia, yesterday demanded that the report on every bill passed by the House be read. After 200 of these had been rattled off by the clerks, Mr. Maddox was prevailed upon to compromize on their being printed in the Record instead of read. Last night the government printing office worked hard and long, but was unable to complete the record, hence the words to be continued. Heretofore, by unanimous consent the reading or printing of the pension reports has been dispensed with.

The petition of C. W. Post, of this city, asking for the expulsion of from the Senate of Senator Platt, of New York, which was presented today in the Senate by President pro tem. Frye, was referred to the committee on privileges and elections. Mr. Post charged that Senator Platt, as the head of the United States Express Company, is a party to a combination among express companies to monopolize the business in violation of the anti-trust law.

Mr. Lamb, of Virginia, introduced a joint resolution in the House yesterday providing for the return to the respective States of the flags of Confederate regiments captured during the war.

Mr. Rixey has introduced a resolution calling upon the Secretary of the Navy for his reasons for the alleged cancellation of the contract of the Midvale Steel Company and rejecting the bid of that company of February 7th last, on armor plate work.

The Commercial League, with handsome headquarters at 1347 Pennsylvania avenue, northwest, is being formally opened today. A buffet lunch will be served until midnight.

Closing arguments were made today by the coal road attorneys in the Hearst hearing, before the Interstate Commerce Commission. This is the fifth day of the argument, but the respondents will probably require a part of Mouday for conclusion and Clarence J. Shearn, Mr. Hearst's counsel, may then take advantage of his right to a short reply.

An arbitration treaty with Japan was signed at the State Department this morning by Takahira and Secretary Hay.

The fight between the President and the Senate over the arbitration treaties was renewed in the Senate this afternoon in executive session. As soon as the doors were closed Senator Morgan protested vigorously at the attempt of the President to ride rough shod over the Senate. Senator Spooner insisted upon the right of the Senate to make changes in treaties and insisted that any agreement between this country and another should be submitted to the Senate for ratification. President Roosevelt today gave out copies of a letter written by him yesterday to Senator Cullom, protesting against the proposed amendment of the American treaties now pending in the Senate and stating that if amended he will allow the treaties to die.

The following announcement was made at the White House today: "The members of the Cabinet have all tendered their resignation, but on the 6th of March they will be nominated for reappointment with the exception of Mr. Wynne, who is to be appointed Consul General at Lyndon. Mr. Geo. B. Cortelyou will be nominated on March 6th for Postmaster General." The practice of Cabinet members tendering their resignation upon the inauguration of a Chief Executive is established, so no particular significance attaches to the above announcement.

CONGRESSIONAL.

The Senate yesterday heard the first witness called in connection with the impeachment proceedings against Judge Swayne, of Florida, and thus entered upon the real work of the trial, The statement of the case on behalf of the House was made by Manager Palmer, who went over the various charges against Judge Swayne, and said it was the expectation of the managers that all of them would be proven. The witnesses heard yesterday testified concerning hotel bills paid by Judge Swayne while holding court in Texas.

After maintaining its record for the rapid disposition of private pension bills 433 being passed in an hour and a half, the House yesterday considered for a short while the bill providing a government for the Panama canal zone.

UNEASINESS IN ST. PETERSBURG.

Several hundred workmen were killed or wounded in conflicts with the troops at Warsaw, Lodz and other towns Thursday night and yesterday. Rioting and bloodshed, instead of being checked, are increasing.

Over 100 strikers were killed or wounded by the military at the conflict which took place at the Katherimen Iron Works at Sosnovice Thursday evening. The strikers were attempting to put out the fire in a furnace of the smelting department of the works when troops appeared and a conflict ensued. The soldiers fired three volleys, and finally scattered the workmen.

Some 5,000 of the Putiloff Work's strikers traversed the streets yesterday afternoon with the object of stopping work at other factories, but troops barred their progress on the Zabalianski Prospect and the strikers then dispersed.

There were also some unsuccessful attempts to force an entrance into factories.

The men at some of the other factories joined in the strike during the day.

The troops maintained order, but an ugly feeling pervades the thousands of strikers and there may be a renewal of trouble at any time.

Father Gopon's organization is reported to have appointed 33 delegates, who are to request Governor General Trepoff to permit the workmen to send another representative delegation to see Emperor Nicholas and present a programme of labor reforms, and in case of refusal of this request to repeat the attempt to march to the Palace Square.

The workmen yesterday held a number of orderly meetings in open fields, and big assemblages were scheduled for today. Tomorrow will be the crucial time. The position of the workmen is distinctly weaker than it was three weeks ago, for they are without money, while the authorities are not repeating the mistake of underestimating the gravity of the movement or neglecting precautions. Father Gopon's organization still exists, but secretly, and it is less effective.

Thus far there has been no disorder in St. Petersburg, and the authorities appear to have the situation well in hand in this respect, and it is generally believed that such precautions have been taken as will preclude the repetition of the scene of bloodshed of January 22. However, circumstantial reports that the revolutionary element is about to join with the strikers and resort to bombthrowing are causing apprehension.

The student of the seminary, to which are sent grand dukes who are destined for the highest offices of the church, recently adopted a resolution condemning the bloodshed of January 22, censuring the Holy Synod's manifesto attributing the labor movement to foreign instigation, and demanding a constitution. The rector of the seminary has been dismissed.

COL. SLEMP AND HIS PARTY.

The Washington correspondent of the Richmond NewstLeader says: S. Brown Allen, United States marshal for the western district of Virginia, is in town. When asked by the News-Leader correspondent whether there is any truth in the report that Colonel Slemp is not going to endorse him for reappointment as marshal, he replied that there was not. He would not say, however, that Colonel Slemp is going to endorse him, so it looks as if the Ninth district representative has not committed himself on the subject.

Mr. Allen made particular inquiries about the standing of Colonel Slemp with the administration, and repeated a story to the effect that the postmaster-general had said that he does not care to see Slemp come around. He was inclined to discredit the story himself, but wanted to know whether there was any friction between Colonel Slemp and the postmaster-general that would form a basis for such a story.

When Mr. Allen was told about the interview Representative Sherman, of New York, had with the President with reference to the reappointment of Postmaster W. G. Saltsman at Charlottesville, in which the President plainly told Mr. Sherman that he had appointed patronage committees to decide these matters, and that save in a few instances where he had personal preferences he proposed to consider their decisions final, he said that he had heard of the conversation, but he made no comment.

Colonel Slemp, when seen today would not talk as to the case of Mr. Allen, but it is believed that he does not intend to endorse Allen for reappointment. He has so many of his own friends to take care of, so many friends who made his elevation to Congress and to his present position possible, that he is inclined to take care of them first. Colleagues of his in neighboring districts of Virginia have noted this disposition on the part of Colonel Slemp, and one of them said yesterday that Col. Slemp was hailed as the saviour of his party in Virginia, but that observation has led him to conclude that Slemp is doing all he can to wreck it.

"Colonel Slemp is going on," said this congressional neighbor of the Ninth district representative "and appointing or recommending for appointment men who have been loyal to him all the time; and although the other fellows have sued for peace in the hope of getting favorable terms, they find that it is a case of 'unconditional surrender,' in which the victor ignores every claim of the vanquished. The result will be, mark my prediction, that the Agnew-Bowden crowd will lay still while they have to, but that at the first opportunity they will 'feed fat the ancient grudge they bear' the member from the Southwest, and then the interparty war will begin again and with renewed fury."

There seems to be some ground for the assertion that Colonel Slemp is ignoring the other side, and as Mr. Allen is on the other side, he will likely get a taste of the political bitters, too.

McCUE ECHOES.

The Gazette's account of the execution of J. Samuel McCue in Charlottesville yesterday morning practically covered everything in connection with the event. Feeling that McCue would confess before going to the scaffold, the ministers did not urge him to do so, but touched upon portions of the Scriptures that were calculated to induce him to unburden his mind. Shortly before daybreak Rev. Mr. Petrie joined his brother ministers and then McCue said he had something important to say.

The condemned man was loth to die without making public the fact that he alone was responsible for his wife's death; that he was impelled to commit the crime by an evil power, over which he had no control, and that he did not wish to have suspicion rest upon any human being. He also explained that when he was sentenced to be hanged and said: "I am as innocent as any man in this courtroom," he meant and honestly believed that he was not guilty, but that the evil spirit which prompted him was responsible for the crime." Afterward the three ministers prepared the statement published yesterday.

McCue did not offer to go into details as to his crime, nor was he asked to do so by the ministers. During the night he made only a slight reference to his dead wife, After making the confession, McCue said he wished to offer a prayer. All knelt and the condemned man prayed fervently for his relatives and friends, mentioning each one by name and omitting none who was close to him. Breakfast was untouched although it arrived at the jail at 6:15 o'clock and was tempting. Beefsteak, rolls, biscuit and coffee were sent.

The Progress, of Charlottesville, says: "Upon the best authority it is stated today that J. Samuel McCue not only made the above confession to his ministers but that he also confessed to them that he shot Mrs. McCue while she was on her knees pleading with him to spare her life. An inner guard heard the details of the confession early yesterday morning, it is believed, but further than the above sentence he will not say. He does admit, however, that the public's idea of the crime is nearly correct—that McCue became infuriated at his wife for upbraiding him for his association with other women, that he hated the continual 'nagging' which he was forced to undergo day by day, that he struck Mrs. McCue with his fist (not with a baseball bat), that she ran to the bath room to escape from him and that he followed and shot her while she was on her knees pleading with him, 'Oh, Sam, Sam, you are killing me. I shall die anyway. Don't treat me so.'"

The Charlottesville correspondent of the Richmond Times-Dispatch writes as follows: "As soon as the confession had been written and delivered into the hands of the gentlemen of the press, Mr. Lee supplemented it with an explanatory statement. It appeared to be the particular desire of the prisoner, he said, to have it understood that nobody else was responsible for the crime; that he alone murdered his wife, and that he recognized the sentence of the court as just. The prisoner had further desired it made plain that, while in this way he was responsible, in another way he was irresponsible when he committed the deed. A spirit of demonical rage moved him out of himself, and while in this frenzy, when the devil had overpowered him, he struck, slew his wife. His regret could not be measured in words. When he arose in the court and made the plea of 'not guilty,' he meant simply what has been said here, that an impulse foreign to his real and better nature moved his hand."

As the light of day began to break through the narrow window of his cell, which was lighted by a small lantern, McCue grew restless and appeared to be anxious to meet death as soon as possible. When City Sergeant C. W. Rogers entered his cell to read the death warrant and sentence of the court to him, this nervousness had dissappeared and he was calm and composed. His march to the gallows and demeanor in the face of death showed nerve and composure.

Samuel McCue was 43 years of age, being born in 1862, and his wife, whom he murdered, was only two years younger. Nearly 20 years ago they were married, and they leave four children—William, aged 18; J. Samuel, jr., Harry and Ruby, the only daughter who is 10 years old.

Mrs. Marshall Dinwiddie Mr. McCue's aunt, has taken charge of the children, and they have been for some time occuping the handsome house on Park street, Charlottesville, in which Mrs. McCue met her death.

The man hanged yesterday had an interesting career. At the age of 19 McCue, who was a native of Albemarle county, entered the law school of the University of Virginia. After his graduation he began to practice law in Charlottesville and took an interest in politics. He soon became prominent, was elected five times to the City Council, ran for Mayor and was elected. He was twice re-elected to that position, his last term expiring the past summer.

From his youth McCue had been an operator in real estate, and fortunate investments made him one of the wealthiest men in Charlottesville. He owned mineral lands and considerable real estate and carried between $75,000 and $85,000 life insurance.

The murdered woman was before her marriage Miss Fannie Crawford, daughter of the late Dr. William Crawford, of Mount Sidney, Va. The family has long been prominent in Albemarle county, Va. Mrs. McCue took a prominent part in local society, though she seemed to be embittered by the actions of her husband. Their home life had been unhappy for years, and her reproaches for his conduct toward other women and his unfaithfulness to her are believed to have been the motives that led her husband to murder his wife.

The Southern Planter for February has been received from its Richmond publishers and is full of matters of interest to farmers and the public generally.

Today's Telegraphic News

More Pacific in Warsaw.

Warsaw, Feb. 11.—The managers of the leather factories today set an example to the other factories of the city by granting their men a nine hour day, and an increase of 15 per cent in wages. Work will be resumed at their factories on Monday. It is thought probable that many of the other factories will make like concessions and that a general resumption of work will follow in a short time. The one sinister possibility of the day is a threat on the part of the butchers to strike. This would cut off the entire meat supply of the city, and there is a possibility, should they quit, that the bakers would follow suit.

London, Feb. 11.—The Reuter Telegram Company has a dispatch from Lodz, Poland, quoting the governor of the district as giving the casualties at the Katherine Iron Works, in Thursday's clash, between troops and strikers, as 33 killed and 36 wounded.

The Reuter Telegram Company has a dispatch from St. Petersburg, stating that the strikers in the Viberg district of Finland have a threatening demeanor. The situation is causing uneasiness.

War in the East

Tokio, Feb. 11.—Dispatches from the front report desultory fighting since Thursday during which the Japanese buried 200 Russian dead and captured an important eminence to the south of Chang-Chai-Tai.

London, Feb. 11.—Baron Hayashi, the Japanese Minister, issues a report from Field Marshal Oyama stating that up to February 10 the Japanese buried 2,000 Russian corpses in the direction of Heikoutai.

St. Petersburg, Feb. 11.—The Manchurian Official Gazette today publishes an order issued by General Kuropatkin to the soldiers of his army instructing them to strictly observe Chinese neutrality. The general defines the frontier line as from the Mongolian border to the river Lon; thence to Sinmington; thence to Gavrantzi, and thence to Yin-Kow. The order adds that on no account must the Chinese railway be crossed.

Indicted for Conspiracy.

Portland, Oregon, Feb. 11.—The federal grand jury last night returned indictments for conspiracy to defraud the government and secure the public lands and former District Attorney John Hall is included in the charges. The indictment grows out of the operations of the Butte Creek Land Company, which fenced a large body of land in Wheeler county. Hall, it is alleged, failed to prosecute the company, although it is alleged, he knew of the violations of the law. Included in the same indictment is Congressman Binger Harrman and many prominent Oregon men. These men are alleged to have taken a large body of government land and drove away settlers by force of threats. A second indictmet was found against ex-Surveyor General Henry Meldrum, and other well to do citizens. It is alleged the defendants conspired to defraud the government of the United States by fraudulent surveys.

France Sending Troops to the East.

Marseilles, France, Feb. 11.—The government has ordered the rushing of 600 troops and supplies to Tonkin, French Cochin China. The cruiser La Touchetreville will sail tomorrow, with the first detachment of 500 artillerymen. The remainder of the reinforcements will follow on chartered steamers. The sending of reinforcements at this time to Cochin China is in all probability due rather to the generally disturbed condition of the far East than to any particular danger in the district of Cochin China itself. Then, too, M. Doumer, the new president of the French Senate, was at one time Governor of that district. He has been desirous of placing more troops in the locality.

No More Continued Stories.

Constantinople, Feb. 11.—Sultan Abdul Hamid has ordered all Turkish newspapers to cease the publication of continued stories, tales, anecdotes, etc. This order is due to the Sultan's belief that the novels of Tolstoi, Gorki and others caused the Russian disturbances. He apparently thinks that innocent romances, published in Turkish papers, may contain some germs of revolution, as well. The editors of the newspapers are in a bad way under this ban. They intend to draw up a petition for the removal of the order. If their petition is unsuccessful, many would be compelled to suspend publication, as owing to the impossibility of publishing much news, the papers are for the most part filled with light literature.

Suicide of a Negress.

New York, Feb. 11.—Marcellina Dravo, colored, committed suicide this morning by throwing herself in front of an elevated railroad train at Fifty-ninth street and Ninth avenue. The body was cut to pieces. Henry C. Brown, who was on the station when the woman leaped to her death, said that the negress for quite a while walked up and down the platform wringing her hands. When a train was about 30 feet away she threw her arms in the air and deliberately leaped to the track. It was impossible to stop the train and two cars passed over the body Traffic was delayed about 20 minutes while a wrecking crew gathered together the dismembered body,

Rescue of a Crew.

Washington, Feb. 11.—After a desperate battle of twenty eight hours Thursday and Friday, the Cape Lookout, N. C., life saving crew conquered the heavy seas piling over the shoals to the south of the cape and succeeded in taking ashore from the stranded four masted schooner Sarah DeRossen her captain and five of the crew of six sailors. The seventh man aboard the schooner was swept overboard by a giant comber shortly after the vessel grounded at six o'clock on the morning on February 9.

She responded to an encore, went to the dressing room and failed to answer a call for the next number. Her husband went to her room and found her dead of heart disease.

New York Stock Market.

New York, Feb. 11.—The features of the stock market this morning was the bull movement in stocks of the Southern iron and steel companies. In the railroad list profit taking tended to depress prices slightly. The street appeared to be filled with the preholiday sentiment, and some bearish operations were also conducted on the possibility that there might be unfavorable developments in Russia before the resumption of business next week. Dealings were almost wholly professional. The bond market was steady.

Prospects of Peace.

The attitude of the Czar toward peace rests upon considerations of such delicacy that predictions of what he may or may not do are regarded by the German court as not worth while making. One reality of the situation is that the Russian government wants no mediation or even counsel from abroad, and that peace suggestions from without are resented to such an extent that they are an influence against peace. Therefore Germany has not and, it is declared, will not make any offer. The feeling at the Russian court is that peace is desirable even at immense sacrifices, but how to arrive at it without intolerable humiliation is a question likely to remain unsolved for an indefinite term.

STATEHOOD BILL.

The statehood bill was put to sleep in the republican conference yesterday afternoon and will sleep in the committee on territories either until the end of the session or until a majority of the House has agreed to accept the Senate amendments.

The conference lasted three hours and was prolonged by a remarkably bitter fight, during which Speaker Cannon made two speeches in favor of the action which was finally taken. Thirty-three republicans voted against the programme of the leaders, and Representative H. M. Hogg (rep., Col.) made a scathing reply to Representative Capron (rep., R. I.), complaining that the men from the great western States were being thrust aside in favor of members of the East, some of whom represented States which, like that from which the Rhode Island member came, were so small that they were apt to slip off into the Atlantic ocean.

The ultimate action of the conference was the adoption by a vote of 112 to 33 of a resolution drawn by Speaker Cannon but offered by Representative Tawney (rep., Wis.), as follows:

"Resolved, That it is the sense of this conference that the action and policy of the republican caucus held April 15, 1904 touching the admission of Oklahoma and Indian Territory as one State and New Mexico and Arizona as one State, as provided in the bill of the House No. 14749, which bill has been amended by the Senate and is now pending in the House committee on territories, be insisted upon, and that we insist on such parliamentary proceedings as can be had by a majority of the House, or a special order as can be made and adopted by a majority of the House under which the aforesaid policy of the republicans of the House will be worked out."

Before the adoption of this resolution a number of propositions were offered and precipitated the bitterest sort of discussion. Speaker Cannon is very jealous of the prerogatives of the House, and did not hesitate to declare that, in his opinion the republicans of the House should not concur in the Senate amendments, but ought to insist absolutely that the Senate recede from its amendments and pass a bill providing for joint statehood for the four territories, these to be merged into two States.

Sled Struck by a Train.

A man and two boys were killed, two boys are dying, and three more were slightly injured as the result of a bob-sled carrying sixteen boys dashing into a train at New Brighton, Pa., last night. All the others on the sled almost miraculously escaped with hardly a scratch. The accident occurred at Sixth street and Fifth avenue, on which the double track of the Pittsburg, Fort Wayne and Chicago Railroad passes through New Brighton. The Sixth street hill was a glare of ice and was thronged with coasters. Boys to watch for approaching trains were stationed at the railroad crossing and saw the trains coming. They cried to the occupants of the bob-sled to stop, but their cries were unheard in time to stop the big sled.

The account of the boys who were on the sled and escaped injury vary in the details of how the accident occurred. Reed McDanel was guiding the sled, which came down the hill at terrific speed, and it was almost at the crossing when the train dashed up. Not until then did the coasters see their danger.

The older boys made frantic efforts to escape by trying to capsize the sled, which they succeeded in doing just as the front struck the train. McDanel was hurled head foremost between the cars and the wheels passed over his limbs and body. The rear of the sled, through the efforts of the boys to upset it, swung around broadside, and struck the iron support of the safety gate on the corner with great force. This hurled seven of the boys into and under the wheels.

Many of the others on the sled, the instant they realized their danger, threw themselves off the sled, some of them grasping the smaller boys and pulling them off as they themselves rolled to safety.

Mr. Rixey Sues for Damages

A suit to recover $30,000 damage for alleged defamation of character has been instituted in the Circuit Court of Fauquirr county by Hon. John F. Rixey, against C. Armory Stevens, a multimillionaire, who owns valuable gold mining property in that county. Judge Charles M. White and Keith & Keith, of Warrenton, together with Barbour & Rixey, of Culpeper, represent Congressman Rixey.

C. Armory Stevens was partner with R. H. Duckett in the development of the Kelly gold mine. Last fall he attempted to dissolve the partnership by settling with Duckett out of the proceeds of the mine. Duckett, through his counsel, secured an injunction, restraining him from making the sale and took steps to establish his partnership, and the property was placed in the hands of a receiver. Following this action of the court came letters attacking Congressman Rixey and others, attorneys, including A. S. Hamilton, sheriff of the county, who was appointed receiver. Copies of his alleged libelous and defamatory letters were sent to different persons, thus adding publicity to the charge. Congressman Rixey is accused of complicity in the action taken against Stevens by Duckett, and his remarks are extremely defamatory. These letters are held by Congressman Rixey's attorneys.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Weather and River.

The temperature fell again last night, but the weather today has been mild and fair.

There is but little change in conditions on the river. The ice in the bay, however, does not afford as much trouble to steamers as it did a few days ago. The Norfolk steamer arrived up this morning about two hours and a half late.

With a fleet of twelve tugs in readiness, should Congress appropriate money to clear the Potomac of ice, Harbormaster Sutton will attempt to open a channel without the use of dynamite. A conference was held between Commissioner Macfarland, Harbormaster Sutton, and Engineer of Bridges Douglas yesterday afternoon. It was agreed that a channel could be opened more rapidly with tugs than by the use of explosives. Harbormaster Sutton will begin the work of breaking up the ice as soon as the appropriation is made. Steamers have been little delayed by the ice during the last day or two. No ice is floating and the channel remains free after being opened up. There is still no sign of a dangerous gorge forming.

Charged with Stealing Tobacco.

It was stated yesterday that smoking and chewing tobacco, believed to have been stolen, had been recovered by Officers Smith and Ferguson. Later those officers with Officer Nicholson arrested four youths—Elmer Nightingill, Herbert Struder, Edward Drowns and Augustus Robinson—on the charge of stealing the same from a railroad car. The officers ascertained that the youths had sold part of the plunder to a storekeeper and offered to sell some to other merchants. When arrested two of the prisoners made a partial confession to the effect that they entered the car, secured the tobacco and the others were engaged to sell it. In the absence of material witnesses the case has been postpond until Monday.

Presbyterian Church Notes.

The Norfolk Second Church, of which Rev. J. Ernest Thacker, formerly of this city, is pastor, is in a prosperous condition. Nineteen new members were added to the church last Sunday. The fifth year of the present pastorate has just been completed, during which time 225 members have been received, and about $75,000, raised for all purposes.

The Manual of the North Reformed Church, Newark, N. J., Rev. James I. Vance, D. D., formerly of this city, pastor, is also in a prosperous condition. One thousand two hundred and forty-two active members are on the communicants' roll. During the last church year there were 138 additions to the church. The Sunday school enrollment is 1,735.

A Baby Party.

The Misses Anderson, of north Washington street, gave a "baby party" last evening and all the babies were there with their toys. There were black mammies, Buster Browns, babies in long clothes, twins and children of all ages. The mammies would run to the assistance of some little one who had his feelings hurt and they all would join hands and sing ring-around-a-rosey. Miss Ruth Bryant and Mr. Edmund Hunter were voted the most realistic babies. Children's games were played thoroughout the evening such as pinning tails on the donkey, King William was King James's son, clap in and clap out, &c.

Case Dismissed.

William Benzette, who was arrested yesterday on the charge of stealing an overcoat from Albert Dreifus, was dismissed by Justice Caton this morning. Benzette was taken into custody on the evidence of a young man who said he saw the accused with the coat on the night it was stolen. Benzette brought witnesses to prove that he was not on the street at the hour it was alleged he was seen with the coat. A number of papers which were in the garment when it was stolen and which had been thrown away were found by the officers.

The Market.

There was another scanty supply of country produce in market this morning. Prices remained about unchanged. Butter sold at 25 cents per pound and eggs brought from 28 to 35 cents a dozen. The butchers and hucksters had ample supplies and received an average Saturday morning patronage. The fish dealers had large stocks. The supply of shad and herring is increasing. They are brought from southern waters. Nearly all will disappear before they appear in any numbers in the Potomac.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Paul Thomas, colored, arrested by Officer Knight charged with stealing copper from the Southern Railway Company, had his case continued.

William Benzette, charged with stealing a coat from Albert Dreifus, was dismissed for want of evidence.

Lawrence Kelley, arrested by Officer Lyles charged with drunken and disorderly conduct, was fined $5.

Elmer Nightingill, Herbert Struder, Edward Drowns and Augustus Robinson, arrested by Officers Smith, Ferguson and Nicholson charged with stealing tobacco, had their case continued until Monday.

Lieut. Smith and Officer Henderson this morning arrested a colored boy named Hezekiah Brown on suspicion of having stolen two silver watches which were found in his pockets. The boy said the watches had been given him to sell by a colored man named Hill.

Mr. J. H. Franklin reported to police headquarters this morning that he had lost his gold watch on the street last night.

Mr. Jas. McCuen reported at police headquarters this moring that some one had stolen from his premises a double bridle.

Mr. W. E. Bain reports that four kegs of railroad spikes, weighing 200 pounds each, were stolen from the front of his store last night.

Personal.

The regular monthly meeting of Mt. Vernon Chapter, D. A. R., was held yesterday afternoon at the residence of Mrs. Danenhower and Miss Laura Smoot, on King street. After the business of the meeting had been transacted, the members of the chapter and a number of other guests were charmingly entertained by their hostesses.

Mr. George Laycock, who is confined to his home, 110 Wolfe street, is improving.

Dr. and Mrs. W. R. Purvis left today for Mobile, Alabama, to spend a week or two.

Mrs. Charles M. Griffin, jr., has gone to Glasgow, Va., to visit her mother, Mrs. Partlow, who is in a critical condition from burns received by a gasoline explosion.

Mr. Walker Weadon continues ill at his home, 1106 Prince street.

Miss Effie Brawner, who is confined to her home, 1307 Prince street, by indisposition, has improved.

Mrs. Park Agnew, who had recently been seriously ill, has materially improved.

Opera House.

The ladies and gentlemen who are rehearsing the drama "Ten Nights in a Barroom," to be presented at the Opera House February 20, for the benefit of Mr. Wayne Byers, are assured of success. Mr. Ernest Boyer, who is instructing the amateurs, says: "The entertainment, from an amateur point of view, will be a surprise to the friends of those who are in the cast. Mr. Geo. W. Pettey, chief of the Alexandria fire department, has kindly consented to assist on this occasion and the popularity of Mr. Pettey who will act as chief usher, will lend tone to the performance." Mr. Frank Hill, secretary and treasurer, says: "The entire house is sold."

As has been stated, the J. L. Tempest Dramatic Company will appear at the Opera House on Monday night next and give a performance each night during the week. "The Vagabond's Wife" will be the first production.

Bread Thieves Active.

The bread box in front of the store on the corner of Wilkes and Columbus streets has been robbed on two successive mornings. Yesterday morning when the box was examined by the proprietor of the store it was discovered that it had been rifled of a portion of its contents. This morning at an early hour twelve loaves were taken from the same box. Similar thefts in other neighborhoods have recently been reported.

Leadbeater Co. Incorporated.

A charter was granted yesterday by the corporation commission in Richmond to E. S. Leadbeater & Sons, incorporated of Alexandria. The capital stock is from $150,000 to $200,000. C. C. Leadbeater is president and John Leadbeater secretary and treasurer. The object to conduct a wholesale and retail drug business, etc.

Wound Up Its Business.

At the meeting this evening of the stockholders of the Alexandria Insurance Company, which company was recently taken over by the Hartford, of Connecticut, its affairs were wound up and the company retired from business. The bond given by the Hartford Company securing all policies was accepted.

A Curiosity.

Mr. Thomas Spinks sent to this office today a vegetable curiosity in the shape of five ears of corn grown into one cluster and forming in shape a human hand or glove. The corn was taken from a stalk on Mr. Clowers's farm, near Woodstock.

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at E. S. Leadbeater & Sons' drug store; guaranteed.

The Sunshine of Spring.

The Salve that cures without a scar is DeWitt's Witch Hazel Salve. Cuts, Burns, Boils, Bruises and piles disappear before the use of this salve as snow before the sunshine of spring. Miss H. M. Middleton, Thebes, Ill. says; "I was seriously afflicted with a fever sore that was very painful. DeWitt's Witch Hazel Salve cured me in less than a week." Get the genuine. Sold by all druggists.

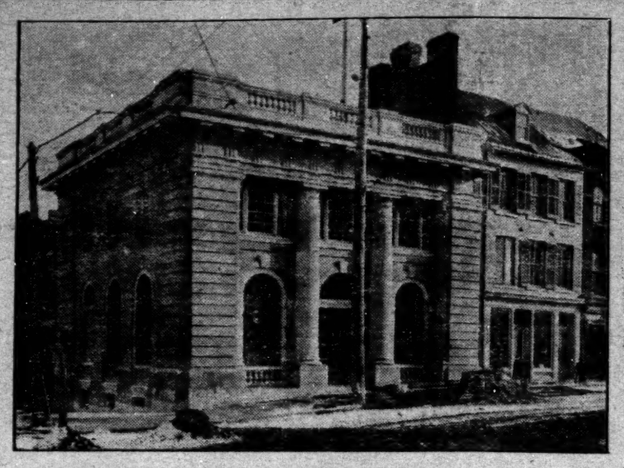

Nothing Equals Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. P. B. Spears, of Pinchard, Ala, has become acquainted with the good qualities of Chamberlain's Colic Cholera and Diarrhoea Remedy and uses it in his own family and in his practice. He says: "It beats any preparation I have ever seen for all bowel complaints, I do not think of recommending any other, and also use it with my own children." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

BURKE & HERBERT'S NEW BANKING BUILDING

One of the most attractive, conveniently arranged and well constructed basement and two story buildings erected during late years in Alexandria is the banking house of Messrs. Burke and Herbert, which will be opened for business on Monday next located on the southeast corner of King and Fairfax streets, with a frontage on King street of 45 feet and on Fairfax street of 43 feet, the facade of which presents an elevation of about 35 feet, capped by a heavy cornice surmounted with an effective balustrade around the metal roof, through which has been erected a substantial flagstaff. The structure is made imposing by a handsome entrance surmounted by an entablature supported by two massive columns of Indiana limestone in composite design. The doors are heavy and of pleasing architectural pattern. The foundation walls, with supporting offsets, are heavy and capped with granite base, while the basement floor is concrete of cement and broken stone. The superstructure is of Indiana limestone and brick, of colonial type, the heavy corner buttresses being laid in pleasing style. The windows are large and airy, with lintels formed in brick, while the sills are of stone. The windows on the lower floor are well screened by iron mullions. The entrance to the second floor, which is to be occupied as insurance offices, etc., is through a handsomely finished doorway on King street. The heating arrangements for the entire structure are by furnace and hot water circulation, with an occasional grate. Both gas and electricity will be used for lighting effects. The first floor will be used exclusively for banking purposes and presents an open view, the various apartments being divided by iron mullions. The vaults are of the most modern and improved pattern. They are heavily constructed of steel and cement concrete and are considered as near fire and burglar proof as it is possible to make them, while their interior is conveniently arranged and amply supplied with safety deposit boxes for patrons and secured by double steel doors fitted with Diebold burglar proof patent combination locks. The main floor entrance is suitably tiled with marble. Carpeting will be used on other portions. All inside trimming and furniture will be of mahogany finish. As a building, it is of colonial design, fitted with all modern improvements. There is no waste space in the scheme, and in its completion reflects credit upon its designers and builders.

LOCAL BREVITIES.

There will be no Sunday School at the Y. M. S. L. until further notice. Classes will be held at St. Mary's Academy.

An entertainment will be given at Odd Fellows' Hall on Monday night by the Allison Woman's Christian Temperance Union.

News of the Day.

Warden Meserve, of the Newcastle county workhouse, flogged the prisoners today who were convicted of crimes in the court of general sessions during the past week.

A dispatch from Crawfordsville, Ind., says the condition of General Lou Wallace is serious and from the best sources of information it is learned that he is rapidly nearing death.

The full confession of Mrs. Kate Edwards, the convicted murderess of her husband, John Edwards, was made public today in Reading, Pa. Its contents had been anticipated, and it was expected that it would cause a sensation, on account of the accusation that she had confessed three years ago that Samuel Greason, her colored paramour, who is also under sentence for the crime, had nothing to do with the murder. The confession recites the incident leading up to the murder, her arrest, etc.

President Roosevelt will spend a strenuous day in New York next Monday. He will arrived in the afternoon and at 4 o'clock he will hold a reception in the Republican Club on Fortieth street. Later he will attend the Club's Lincoln Day dinner, at the Waldorf-Astoria and a dinner at the Press Club. On Tuesday he will remain quietly at the home of his sister, Mrs. Douglass Robinson. In the evening he is to be the guest of the Hungarian Republican Club at a dinner in "Little Hungary" on Second avenue.

The room of E. R. Pelz, a Chicago jewelry salesman, at a hotel in Los Angeles, Cal., was entered by clever thieves last night and robbed of all his samples, including the finest collection of elk teeth in the United States. The missing articles are valued at $6,000 and included diamond rings, watches and miscellaneous articles.

Vardaman Will Ignore It.

Governor Vardaman, of Mississippi, has written to the sub-committee of the inaugural committee, indicating that he will have nothing to do with the inauguration and will not send a delegation of high school students or any other delegation to participate in the ceremonies.

The letter, which was addressed to L. Q. C. Lamar, of Washington, a former Mississippian, is in response to an invitation to send a delegation of representativehigh school students.

The inaugural committee was advised yesterday that three carloads of art, statuary, bamboo poles and other odds and ends, approximating $100,000 in value, which formed part of the St. Louis Exposition decorations, are on the way to Washington to be used in embellishing the line of march of the inaugural parade.

SATURDAY EVENING, FEB. 11, 1905.

THE COLD WAVE.

Atlanta, Ga., has been cut off from wire communication with the rest of the world practically for 76 hours. Street cars which were stopped at midnight Tuesday, were started over a few lines yesterday. Excepting in the center of the city, where the electric lighting wires are underground, the streets have been dark since Sunday and probably will be until the first of next week. About 4,000 telephones are out of service, with little prospect that all of them will be restored in less than a month. The weather yesterday was warmer and the streets are resuming their normal appearance. The damage to wires is hard to estimate, as no one knows yet what is the extent of the damage in the territory through which wires must yet be restored to put the city again in touch with the world. The Western Union reports 13 miles of wires and poles down east of the city within a small radius. The Postal managers declare their loss will be well upward of $50,000 in that territory alone. Both companies report that it will take weeks to restore the lines to normal conditions.

A dispatch from Birminbam, Ala., says that wires communication in that part of the South showed little improvement yesterday. Trains on the Southern Railway are being run east of the Georgia line to Atlanta with the use of telegraph. Landslides on railroads in this immediate district have been cleared and trains are moving practically on time.

A cold wave from the northeast has sent the mercury rapidly down in Chicago yesterday. The minimum in Chicago was 5° below zero, a drop of 31° in 18 hours. Temperatures in the Northwest range from 15° below zero in St. Paul to 30° below at Galgary, Northwest Territory. Ten degrees below zero was registered at the weather bureau in Omaha, Neb., and Norfolk, Neb., reports 23° below. In western Nebraska trains on some lines are abandoned. At some points snow has drifted to a height of 12 feet. At Lacrosse, Wis., the mercury dropped during last night from 30 above to 15° below. The minimum in Kansas City, Mo., yesterday was 3° below zero, with prospects of snow and warmer weather by last night. Concordia, Kan., reported 4° below zero, and this was the coldest weather in that State.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach; liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters I obtained relief, and in a short time I was entirely cured." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

Give Your Stomach a Rest.

Your food must be properly digested and assimilated to be of any value to you. If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take on new life and grow strong again. Kodol cures sour stomach, gas, bloating, heart palpitation and all digestive disorders. Sold by all druggists.

Bad breath, belching of gas and sour risings are due to Indigestion. Kodol Dyspepsia Cure is a guaranteed cure. L. A Soper of Little Rock, Ky., writes us: "We feel that Kodol Dyspepsia Cure deserves all the commendations that can be given it, as it saved the life of our little girl when she was three years old. She is now six an we have kept it for her constantly, but of course she only takes it now when any thing disagrees with her." Kodol is the best medicine in the world for Indigestion, Dyspepsia and all stomach troubles. A trial of this greatest of all digestants will convince any who suffers. Good for young or old. Sold by all druggists.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by Gibson & Timberman and W. F. Creighton & Co.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local inflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.
